

WeVision EarlyEd ECE Deliverables

- Meet industry-recognized and holistic quality standards for early childhood education programs as a baseline
- Document impact on child growth and learning
- Define an annual cost per child, based on what it costs to run a quality-centered and child-centered program
- Compensate early childhood educators, using public school wages as a guide, and intentionally support the well-being of early childhood educators
- Support affordability for families that are eligible for publicly subsidized childcare as well as those who aren't
