Montgomery County Early Care and Education (ECE) Facility Loan Program

Frequently Asked Questions

1. Who is the Reinvestment Fund?

Reinvestment Fund is a mission-driven financial partner that supports communities in building strong, vibrant, inclusive neighborhoods that families are proud to call home. We are a federally funded Community Development Financial Institution (CDFI) who lends nationally, and have physical offices in Atlanta and Philadelphia. We are committed to quality Early Childhood Education and have provided debt financing, grants and technical assistance to hundreds of child care businesses and organizations across the country, so that they can expand and sustain the critical child care services they provide for underserved children and families.

2. What is the Montgomery County ECE Facility Loan Program?

The Montgomery County ECE Facility Loan Program is a program that helps early childhood education providers make safety, accessibility, and quality improvements to their spaces. The goal is to create safer, healthier, and more welcoming environments for children, families, and staff.

3. What is a forgivable loan?

Forgivable loans are special loans that child care providers do not have to pay back if they meet the basic forgiveness requirements over time. These loans are designed to help improve the quality of or expand child care spaces.

4. What is a zero percent interest loan?

A zero percent interest loan is a traditional loan and must be paid back, but there is no interest charged for the duration of the loan term. They help child care centers improve or expand their facilities.

5. How is this fund different from other grants or loans?

This is a loan program not a grant. It offers two types of loan products [forgivable loans and zero-percent interest loans]. Designed with the needs of child care providers in mind combining loan funding support with technical assistance and professional development. If you apply for a forgivable loan, you do not need to pay the money back if you meet the program requirements over time.

6. Is this a one-time program or will it happen again?

At this time, funding is available for the current program cycle through May 2026. The intent is for the program to continue but it will depend on available resources.

7. Is this Program the same as the Child Care Capital Support Revolving Loan Fund?

No. The Child Care Capital Support Revolving Loan Fund is for providers across the entire state of Maryland, administered by the Maryland Department of Commerce while the Montgomery County ECE Facility Loan Program is only for Montgomery County, administered by the Montgomery County Department of Health and Human Services. To learn about the Child Care Capital Support Revolving Loan Fund, please visit [Funding & Incentives Child Care Capital Support Revolving Loan Fund](#).

8. Can child care programs that are part of Montgomery County's Child Care in Public Space program participate in Montgomery County ECE Facility Loan Program?
